"24 VARIATION OF TRUST DEED

Restrictions on variation

- 24.1 Unless the Relevant Law otherwise permits this Trust Deed must not be amended in such a way that:
- (a) an individual would be eligible to be appointed as Trustee unless the Trust Deed provides, and will continue to provide after the amendment is made, that the Fund has, as its sole or primary purpose, the provision of old-age pensions; or
 - (b) the sole or primary purpose of the fund would be a purpose other than the provision of old-age pensions unless the Trust

Deed provides, and will continue to provide after the amendment is made, that the Trustee must be a constitutional corporation as defined in the Relevant Law.

- 24.2 An amendment or any other act carried out, or consented to, by the Trustee must not alter a Member's right or claim to accrued benefits, or the amount of those accrued benefits, adversely to the Member unless:
- (a) the alteration is necessary for compliance with the Relevant Law or the Tax Act; or
 - (b) the Member or the Regulator has consented in writing to the alteration; or
 - (c) the alteration is otherwise permitted by the Relevant Law.

Power of variation

- 24.3 The Principal Company may by instrument in writing amend the Trust Deed, so long as the amendment:
- (a) relates to the contributions that an employer-sponsor will, after the amendment, be required or permitted to pay to the Fund; or
 - (b) relates solely to the termination of the Fund; or
 - (c) is made solely for the purpose of conferring on the Trustee the power to consent to amendments which could otherwise be made without its consent; or
 - (d) is otherwise permitted by the Relevant Law.
- 24.4 The Trustee may by instrument in writing amend the Trust Deed, with or without retrospective operation, in such manner as the Trustee in its absolute discretion thinks fit. Any amendment under this Clause which is within the scope of Clause 24.3 requires the consent of the Principal Company.
- 24.5 Any alterations made in accordance with the above is binding upon all Companies as if they had been parties to the document effecting such alterations.

Notice to Members

- 24.6 As soon as practicable after any alteration or addition to or deletion of any of the provisions of the Trust Deed the Trustee must give each Member a written statement explaining the nature and purpose of the alteration, addition or deletion and the effect (if any) on the Member's entitlements."

- D. The Principal Company and the Trustee wish to amend the Trust Deed in the manner provided in this deed. The Principal Company and the Trustee are satisfied that the amendments made by this deed are permitted by the Relevant Law.

15. PROVISION OF INFORMATION TO REGULATOR

The Trustee must provide the Regulator with information as required under the Relevant Law.

16. ACTUARIAL REVIEW

- 16.1 The Trustee must appoint an Actuary on such terms as the Trustee considers appropriate. The Trustee may in its absolute discretion remove such Actuary and appoint another instead. Whenever the Trustee appoints or removes an Actuary it must consult with the Principal Company.

 - (b) the amount of the intended benefits.

- 17.2 The whole of the Benefits terminated or suspended under Clause 17.1 may be applied by the Trustee in whole or in part, to or for the benefit of the person otherwise

entitled to them and his Dependants or any of them. While a person, being a Member, remains in Service the Trustee must not make any payments to or for the benefit of the person or his Dependants other than for personal maintenance and support in case of hardship and as permitted by the Relevant Law.

18. UNCLAIMED BENEFITS

Unclaimed money

- 18.1 The Trustee must deal with unclaimed money as required by the Relevant Law.

Forfeiture of unclaimed benefits

- 18.2 Subject to compliance with this Clause and the Relevant Law, Benefits payable out of the Fund are forfeited to the Fund if the Trustee, after making such enquiries as it considers appropriate, is unable positively to trace the person entitled to such Benefit or his legal personal representative within a period of 12 months. If, after the date of such forfeiture, the person entitled to such Benefit or his legal personal representative is traced, the Trustee in its sole and absolute discretion may reinstate all or a part of such person's Benefit and pay such Benefit in accordance with the Trust Deed. Benefits which represent contributions made by the Company for the purposes of the SGC Act must be dealt with in accordance with the requirements (if any) of that Act and of the Relevant Law.

19. RIGHTS OF THE COMPANY AND MEMBERS

Members' rights governed by the Trust Deed

- 19.1 No person whether as a Member or otherwise has any claim, right or interest in respect of the Fund or any contribution to or interest in the Fund or any claim against the Trustee or the Company except in accordance with the provisions of the Trust Deed.
- 19.2 A Member has no proprietary interest or right in any part of the Fund unless and until the Member becomes presently entitled to payment of a Benefit or to any payment on account of a Benefit. Such interest or right will only be for such amount as shall be presently payable. All rights, interests and benefits of Members are strictly personal.

Members' rights not to be assigned or charged

- 19.3 Except as provided in this Trust Deed no Member may assign or charge the Member's interest in the Fund either absolutely or conditionally or attempt to do so without the prior written consent of the Trustee. The Trustee may in its discretion refuse its consent without assigning any reason or may consent subject to conditions.

Company's rights as employer reserved

- 19.4 Nothing in the Trust Deed may be taken to affect prejudice or alter in any way any right or power of a Company with regard to dismissal, retirement, retrenchment, salary, promotion, demotion, or other terms or conditions of employment, or variation of such things, or other dealings whatsoever with any of its Employees (whether Members or not). Nothing in the Trust Deed may be taken to place a Company under an obligation, nor is a Company in any way liable or responsible, for anything whatsoever (other than its liability to contribute as provided in this Trust Deed) which the Company or any of its Employees or any other person may do or not do. No Benefit, right or entitlement of a Member or person claiming through him may be

taken into account or used, alleged or claimed in any way as grounds for damages or for increasing or decreasing damages or compensation in any action or claim by him or by such person whether arising out of the dismissal of such Member or any other transaction or matter whatsoever.

Company and Members may make additional contributions

19.5 Despite anything else in the Trust Deed:

- (a) the Company may at any time make Company contributions in respect of an Employee who has become a Member in respect of any period during which that Employee was not admitted as a Member; and
- (b) an employer (which is not an Associated Company) of a Member may, with the consent of the Trustee and subject to such terms and conditions as the Trustee considers appropriate, make contributions in respect of the Member.

Any such contributions shall be credited by the Trustee to the Additional Employer Contribution Account in the case of a Section A Member or to the Employer's Contribution Account in the case of a Section C Member.

19.6 Despite anything else in the Trust Deed, if the Member and the Company at any time agree, either may with the consent of the Trustee make additional contributions, which shall be credited to such account or accounts as may be agreed.

19.7 If the Trustee receives contributions made by or in respect of a Member in a manner which is inconsistent with the Relevant Law, and the Trustee returns those contributions, the Trustee may in accordance with the Relevant Law:

- (a) return the amount of the contributions received by the Trustee; or
- (b) return an amount lesser or greater than the contributions received by the Trustee; and
- (c) debit any applicable account in respect of the Member by the amount returned.

20. COMMUNICATION WITH MEMBERS

Information for Members

20.1 The Trustee must provide Members and other persons with such information at such times and in such manner as is prescribed by the Relevant Law.

Notices to Members

20.2 Any notices to be given under this Trust Deed are deemed to have been validly given if:

- (a) they are transmitted through normal Company channels; or
- (b) where such transmission is not practical, practicable or desirable:
 - (i) they are handed to the party to be served; or
 - (ii) they are posted by prepaid mail and duly addressed to the party to be served at the last known address of such party.

Procedures for handling Member inquiries and complaints

- 20.3 Members and other beneficiaries have the right to make inquiries into, or complaints about, the operation or management of the Fund in relation to the person making the inquiry or complaint.
- 20.4 The Trustee must establish procedures, and may amend them from time to time (with or without retrospective operation), for handling inquiries and complaints in accordance with the Relevant Law.
- 20.5 The Trustee may establish procedures under which the Trustee may reserve the power to re-consider and if it thinks fit withdraw or alter decisions affecting Members and other beneficiaries in the course of such complaints handling procedure. The procedures may provide for withholding payment of benefits affected until after final determination of any complaints and appeals to the Complaints Tribunal established under the Superannuation (Resolution of Complaints) Act 1993. The procedures may provide for charging reasonable administrative and other costs of dealing with inquiries and complaints.

21. LIEN ON BENEFITS

If a Member:

- (a) has misappropriated money, trade secrets, confidential information or other property of the Company or the Fund; or
- (b) has wrongfully caused the Company or the Fund to suffer any loss or damage; or
- (c) is dismissed because of misconduct or negligence; or
- (d) resigns to avoid dismissal,

then subject to the Relevant Law:

- (e) the Member's Benefit shall be applied towards the loss and damage (including legal costs and expenses) incurred by the Company or the Fund;
- (f) the Company may notify the Trustee of any claim to the Benefits under (e), or otherwise arising in connection with the above events by operation of law, prior to Benefits being paid, and in the absence of any notice the Trustee must pay Benefits in accordance with the Trust Deed;
- (g) unless directed by a court or the Member to pay the Benefit to a person other than the Member, the Trustee:
 - (i) must at the end of 21 days after receiving notice from the Company under (f) pay to the Member any Benefits over which the Relevant Law does not permit the Trustee to recognise a lien or other charge;
 - (ii) must not pay to the Member any Benefits over which the Relevant Law permits the Trustee to recognise a lien or other charge until resolution of the Company's claim against the Member;
- (h) payment by the Trustee in accordance with this Clause is an effective discharge for the Trustee; and

- (i) the balance of any Benefits not covered by a claim under (f) must be paid in accordance with the Trust Deed.

22. PAYMENT OF BENEFITS

Death Benefit – Binding Nomination

22.1 A Death Benefit is payable:

- (a) to the Member's Nominated Beneficiary (if any); or
- (b) in accordance with Clause 22.1A if at the time of the Member's death there is no Valid Nomination Form in respect of the Member or if payment in accordance with Clause 22.1(a) cannot otherwise be made.

Death Benefit – Trustee discretion

22.1A If Clause 22.1(b) applies, the Trustee must pay a Death Benefit to or for the benefit of such one or more of the following persons in such proportions as it thinks fit:

- (a) all or any of the Dependants of the deceased Member; or
- (b) the legal personal representative of the deceased Member, to be dealt with as an asset of the estate of the deceased Member,

unless the Trustee is unable to identify any Dependants or legal personal representative of a deceased Member to its satisfaction, in which case the Trustee may pay or apply the Benefit otherwise payable under Clause 22.1A(a) or Clause 22.1A(b) in any other manner permissible under the Relevant Law.

Death Benefit in respect of Family Law Member

22.2 If a Family Law Member dies, the Trustee must pay the Benefit payable under Rule 4.4.6:

- (a) to the legal personal representative of that deceased Family Law Member, to be dealt with as an asset of the estate of the deceased Family Law Member; or
- (b) if there is no legal personal representative of that deceased Family Law Member, in any other manner permissible under the Relevant Law.

Salary Continuance Benefit and Insured Benefit

22.2A If a Salary Continuance Benefit or an Insured Benefit becomes payable to a Member, the Trustee must pay that Benefit to or in respect of the relevant Member within a reasonable time of the Benefit becoming payable, as determined by the Trustee, provided that the Trustee may determine that an Insured Benefit be held in the Death and Disablement Reserve pending payment to or in respect of a Member.

Insured Benefit

22.2B The amount of the Insured Benefit paid must be reduced to the extent to which -

- (a) for any reason the Insurer fails to provide insurance on the Insurer's standard terms for standard lives; or

- (b) for any reason the Insurer -
 - (A) fails to provide or increase insurance;
 - (B) reduces or terminates insurance;
 - (C) limits or restricts insurance or the circumstances in which insurance proceeds will become payable; or
 - (D) refuses to consider, defers or denies a claim in whole or in part.

The Trustee will adjust that Insured Benefit, and any other benefit which the Trustee may consider to be affected, in the manner and to the extent the Trustee considers necessary in order to effect and take account of that reduction.

22.2C If a circumstance provided for in clause 22.2B occurs in relation to an Insured Benefit, the Trustee is not bound to seek alternative insurance with the same or another Insurer. If the Trustee decides to seek alternative insurance, the Trustee may limit that search to the Insurer or Insurers determined by the Trustee.

22.2D In any case, unless otherwise agreed between the Trustee and the Principal Company, the amount, time for and basis of payment of all or part of an Insured Benefit must be adjusted in the manner and to the extent necessary to take account of the terms and conditions upon which insurance proceeds are payable.

22.2E Any adjusted benefits provided for under clause 22.2B to 22.2D are in lieu of and in full satisfaction of the Insured Benefit which would or might have been or become payable but for those clauses.

Additional Insured Benefit

22.2F If, as a result of the Trustee having effected a policy of insurance in respect of an Insured Benefit, an extended cover or other amount is paid by the Insurer to the Trustee in respect of a Member, the Trustee will pay that amount to or in respect of the Member.

Other Benefits

- 22.3 (a) In relation to a Member who is an Employee, the Trustee must pay any lump sum Benefit other than:
- (i) a Death Benefit; or
 - (ii) a Total and Permanent Disablement Benefit,
- within three months of the date on which the Trustee is advised that the Service of the Member ceases (or the Benefit becoming payable), or within such longer period as may be agreed between the Member and the Trustee.
- (b) Despite Clause 22.3(a), at the request of the Company or at any other time in its absolute discretion, the Trustee may delay payment of all or a part of any Benefit. Payment may be delayed for such period as the Trustee thinks fit.

Delayed payment of Benefits

22.4 Where an Insured Benefit is paid on a date after that on which the relevant proceeds of insurance were received by the Trustee from the Insurer and the amount of the

Insured Benefit is held in the Death and Disablement Reserve, the Insured Benefit shall be credited or debited with an amount determined by the Trustee having regard to the Delayed Payment Adjustment Rate for the period between the date on which the Insured Benefit became payable (or such later date as the Trustee determines to be appropriate) and the date the Insured Benefit is paid.

Preservation of Benefits

- 22.5 (a) Except in accordance with the Relevant Law and subject to Clause 22.5(b), the Trustee must not pay out of the Fund to or in respect of any Member any Benefit or part thereof which pursuant to the Relevant Law is required to be preserved. Any Benefit or part thereof to which this Clause applies may be applied by the Trustee for the benefit of the Member in any manner authorised by the Relevant Law.
- (b) The Trustee must pay any part of a Benefit to be preserved under Clause 22.5(a) in respect of a terminating Member to another Eligible Superannuation Fund nominated by the terminating Member. Where no such nomination is received by the Trustee within one month after the date on which the Trustee is notified that the Service of the Member ceased, the Trustee may pay such Benefit (or part thereof) to an eligible rollover fund (as defined in the Relevant Law).

Eligible rollover fund

- 22.6 The Trustee must appoint, and may replace from time to time, an eligible rollover fund for the purposes of the Relevant Law. The Trustee must notify Members of such eligible rollover fund and any change as required by the Relevant Law.

Transfers between Companies

- 22.7 For purposes of the Trust Deed, a Member does not cease to be a Member or an Employee by reason of ceasing to be an Employee of one Company and immediately becoming an Employee of another Company ("new Company") unless the new Company is a Company notified to the Trustee by the Principal Company pursuant to this Clause 22.7 either generally or in any particular case.

Discretion to compensate for tax on contributions

- 22.8 The Trustee may in its discretion, having regard to the Tax Act, increase the amount of a benefit payable on the death of a Member to any extent it considers appropriate to compensate for any tax payable on contributions which have been made to the Fund by or in respect of that Member.

23. GOVERNMENT SCHEME

- 23.1 On introduction of a new Government Scheme or if there is a major change to an existing Government Scheme the Principal Company may direct the Trustee by notice in writing that with effect from a date that the Principal Company shall nominate the contributions of the Company to the Fund in respect of any Member will be adjusted by reference to the Declared Benefits of a Government Scheme.
- 23.2 In this event, despite anything else in this Trust Deed, those Members and the Company in respect of those Members are relieved of their respective obligations to contribute to the Fund to the extent of so much of their respective contributions as would in the opinion of the Trustee be required to provide Benefits equivalent to the benefits provided in respect of those Members under the Government Scheme.

24. VARIATION OF TRUST DEED

Restrictions on variation

- 24.1 Unless the Relevant Law otherwise permits this Trust Deed must not be amended in such a way that:
- (a) an individual would be eligible to be appointed as Trustee unless the Trust Deed provides, and will continue to provide after the amendment is made, that the Fund has, as its sole or primary purpose, the provision of old-age pensions; or
 - (b) the sole or primary purpose of the fund would be a purpose other than the provision of old-age pensions unless the Trust Deed provides, and will continue to provide after the amendment is made, that the Trustee must be a constitutional corporation as defined in the Relevant Law.
- 24.2 An amendment or any other act carried out, or consented to, by the Trustee must not alter a Member's right or claim to accrued benefits, or the amount of those accrued benefits, adversely to the Member unless:
- (a) the alteration is necessary for compliance with the Relevant Law or the Tax Act; or
 - (b) the Member or the Regulator has consented in writing to the alteration; or
 - (c) the alteration is otherwise permitted by the Relevant Law.

Power of variation

- 24.3 The Principal Company may by instrument in writing amend the Trust Deed, so long as the amendment:
- (a) relates to the contributions that an employer-sponsor will, after the amendment, be required or permitted to pay to the Fund; or
 - (b) relates solely to the termination of the Fund; or
 - (c) is made solely for the purpose of conferring on the Trustee the power to consent to amendments which could otherwise be made without its consent; or
 - (d) is otherwise permitted by the Relevant Law.
- 24.4 The Trustee may by instrument in writing amend the Trust Deed, with or without retrospective operation, in such manner as the Trustee in its absolute discretion thinks fit. Any amendment under this Clause which is within the scope of Clause 24.3 requires the consent of the Principal Company.
- 24.5 Any alterations made in accordance with the above is binding upon all Companies as if they had been parties to the document effecting such alterations.

Notice to Members

- 24.6 As soon as practicable after any alteration or addition to or deletion of any of the provisions of the Trust Deed the Trustee must give each Member a written statement

explaining the nature and purpose of the alteration, addition or deletion and the effect (if any) on the Member's entitlements.

25. WINDING UP

Circumstances in which Fund can be terminated

- 25.1 The trusts under this Trust Deed will end and the Fund must be wound up under this Clause in any of the following events:
- (a) if it appears to the Trustee that the Fund is or is likely to become insolvent and it resolves to terminate the Fund;
 - (b) if the Principal Company resolves that it will permanently stop contributing to the Fund;
 - (c) if an order is made or an effective resolution is passed for the winding up of the Principal Company other than for the purpose of amalgamation or reconstruction;
 - (d) if the Principal Company gives notice in writing to the Trustee and the Members that for good and substantial reasons it is of the opinion that the Fund should terminate; or
 - (e) if the Principal Company at any time fails to pay to the Trustee any sums within 42 days after the end of the month in which payment is due (or such further period as the Trustee decides), after the date on which the Trustee may require them to be paid or fails to observe and perform any other of its obligations under the Fund and the Trustee resolves on the basis of those failures to terminate the Fund.

Effect of termination

- 25.2 As from the Termination Date all of the following shall apply:
- (a) no further contributions may be made by the Members or the Company other than arrears of contributions due up to the Termination Date and any amounts payable under Clause 25.10 in respect of the Pension Section;
 - (b) any arrears of contributions must be called in immediately; and
 - (c) no further persons may be admitted as Members.

Notices

- 25.3 In the event of the trusts hereof ending under Clause 25.1 the Trustee shall give notice in writing to each Company, the Members, and the persons entitled to pension benefits (whether current or deferred) under the Rules of the Pension Section that the Fund shall be wound up.

Priority on winding up

- 25.4 Upon the winding up of the Fund, the Trustee must pay or make provision out of the assets of the Fund (excluding assets representing the balance of the Pension Section Account which are dealt with in Clause 25.7) after making an allowance for taxes, costs and expenses of the Fund, for the following Benefits in the following order of priority:

- (a) Benefits which on or before the Termination Date have become payable to Members or beneficiaries, including the balance standing to the credit of each Retained Benefit Member's Retained Benefit Account, each Family Law Member's Retained Benefit Account, each Account Based Pensioner's or Reversionary Beneficiary's "Account Balance" (as defined in the Account Based Pension Rules) and each Spouse Contribution Member's "Spouse Contribution Account" (as defined in the Rules of the Spouse Contribution Members), and in respect of deceased Members or beneficiaries.
- (b) Benefits to each Member who is still in Service which at the Termination Date have a value equal to the Benefit to which he would have been entitled had he resigned from Service immediately prior to the Termination Date. If the assets of the Fund (excluding assets representing the balance of the Pension Section Account) are insufficient to provide such Benefits then the Benefit payable to each Member is that proportion of the Benefit as the Trustee considers fair and equitable. The Trustee must have regard to the available assets of the Fund (excluding assets representing the balance of the Pension Section Account) and to any applicable legislation.
- (c) If the value of the assets of the Fund (excluding assets representing the balance of the Pension Section Account) is in excess of that required to satisfy the Benefits under Clause 25.4(a) and Clause 25.4(b) the Trustee may pay the excess, or such part as may be requested by the Principal Company, to the Principal Company.
- (d) If the whole of the assets of the Fund (excluding assets representing the balance of the Pension Section Account) has not been fully utilised in providing for Benefits or making payments in accordance with Clauses 25.4(a) to 25.4(c) (inclusive) the Trustee must allocate the balance remaining in such amounts as the Trustee considers fair and equitable by way of additional Benefits between all Members who at the Termination Date were receiving or entitled to receive Benefits.

Provision of Benefits on winding up

- 25.5 The form of Benefits to be provided under Clause 25.4 must be determined by the Trustee and be in cash, life insurance policies, participation in an Eligible Superannuation Fund or subject to the agreement of the Member, the Trustee may transfer to the Member investments of the Fund of equivalent value to the Benefit.
- 25.6 No transfer of assets under Clause 25.5 may be made by the Trustee which will prejudice or terminate the taxation concessions available to the Fund under the Tax Act or result in any breach or non-compliance with the Relevant Law or any guidelines issued by the Regulator.

Provisions relating to Pension Section

- 25.7 Upon the winding up of the Fund, the Trustee acting on the advice of the Actuary must make such provision out of the assets of the Fund representing the balance of the Pension Section Account as is necessary to provide for the payment of:
 - (a) pension benefits (whether immediate or deferred) or other benefits which are currently or prospectively payable at the Termination Date to or in respect of any person under the Rules of the Pension Section; and

- (b) pension benefits determined in accordance with Rules 3.3.2 to 3.3.8 (inclusive) of the Rules of the Pension Section to the widow or widower of the deceased Transferred Pensioner and the deceased pensioner's Children (as defined in the Rules of the Pension Section) born before the Termination Date.
- 25.8 The pensions and other benefits to be provided under Clause 25.7 may be in cash, life insurance policies, annuities, participation in an Eligible Superannuation Fund or otherwise as determined by the Trustee in its sole discretion.
- 25.9 The pensions and other benefits provided under Clause 25.7 are not subject to pension value maintenance under Rule 3.3.16 of the Rules of the Pension Section solely because of the provisions of Clause 25.7.
- 25.10 As soon as practicable after the Termination Date the Trustee must obtain from the Actuary a report on the extent to which in the Actuary's opinion having regard to all relevant matters the Pension Section Account is sufficient to provide the pension and other benefits referred to in Clause 25.7. The Principal Company must then pay to the Pension Section Account such sum (if any) as the Actuary certifies is in his opinion appropriate to secure those benefits. The Principal Company must also from time to time thereafter pay such other sums (if any) as the Actuary certifies are in his opinion appropriate to secure such of those pension or other benefits or parts of those pension or other benefits which remain payable from the Pension Section Account.

- 2.3.5 If the Member fails to return to active Service at the end of Short Term Leave the Trustee may, subject to the Relevant Law, at the expiration of such period after the Member was due to return to active Service as is agreed between the Trustee and the Principal Company, transfer the Member's Leaving Service Benefit to the Retained Benefit Account Section or another fund eligible to receive it. - 2.6.2 The adjustment made under Rule 2.6.1 must be made having regard to the Declared Benefits in the other fund. Any reduction in the Benefits provided in this Fund must not exceed the amount (or the additional amount) which the Company is liable to contribute to the other fund.
- 2.6.3 In circumstances other than when Clause 9.16 applies, and subject to the extent of any adjustment required under Rule 2.6.1, during any period when a Section C Member:

3.2 Membership

[Deleted]

3.3 Benefits

Pensions to continue

- 3.3.1 Notwithstanding anything to the contrary in these Rules but subject to Rule 3.3.26, from the Transfer Date, a Transferred Pensioner or Transferred Beneficiary is entitled to receive (either presently or contingently) from the Fund a pension of the same value and on the same terms and conditions as the person was entitled to receive (either presently or contingently, as the case may be) from the Pension Scheme immediately prior to the Transfer Date.

Death of a Transferred Pensioner

- 3.3.2 If a married Transferred Pensioner dies whilst in receipt of a pension, the widow or widower is entitled to a pension for life of an annual amount equal to such percentage of the Transferred Pensioner's pension as is shown in the column labelled "Reversionary Percentage" in the Schedule against the name of the relevant Transferred Pensioner.
- 3.3.3 If a Transferred Pensioner dies whilst in receipt of a pension each of the Transferred Pensioner's Children is entitled (subject to Rules 3.3.4 and 3.3.5) to a pension equal to:
- (a) in respect of the first Child – 20% of the Transferred Pensioner's pension; and
 - (b) in respect of the second and subsequent Children – 10% of the Transferred Pensioner's pension.

If the deceased Transferred Pensioner leaves no widow or widower, or the widow or widower subsequently dies, each of the Children's pensions will be increased by 10% of the Transferred Pensioner's pension.

- 3.3.4 The pension is payable to or in respect of the Child until the earlier of:
- (a) the Child's death; or
 - (b) unless paragraph (c) of this Rule applies - the Child attaining age 18 years; or
 - (c) if the Child is in full-time education beyond age 18 years – the Child ceasing such full-time education or attaining age 22 years, whichever is the earlier.
- 3.3.5 If the total of the annual amounts of:
- (a) any widow's or widower's pension (excluding the portion in excess of 60% of the Transferred Pensioner's pension); and
 - (b) the Children's pensions which would, but for this Rule 3.3.5, be payable from time to time in respect of a Transferred Pensioner,

exceeds the Transferred Pensioner's pension at the date of his death, the annual amount of each Child's pension will be adjusted so that the total of these annual amounts of the Children's pensions and any widow's or widower's pension (excluding the portion in excess of 60% of the Transferred Pensioner's pension) equals the Transferred Pensioner's pension. For the avoidance of doubt, any adjustment made under this Rule must result in each Child's pension being in the same proportion to one another as specified in Rule 3.3.3.

- 3.3.6 Any pension variation which may be or could have been made in accordance with Rule 3.3.16 shall for the purposes of Rule 3.3.5 be treated as applying not only to the widow's or widower's pension and the Children's pensions but also to the Transferred Pensioner's pension.
- 3.3.7 In Rules 3.3.2 to 3.3.5 (inclusive), where a Transferred Pensioner's pension has been reduced pursuant to Rule 3.3.20 or 3.3.21, the phrase "Transferred Pensioner's pension" will mean the pension the Transferred Pensioner would have received had the pension not been so reduced.
- 3.3.8 If a Transferred Pensioner dies whilst in receipt of a pension from the Fund, a benefit is payable equal to the excess (if any) of the Transferred Pensioner's Lump Sum Death Benefit over the total amount of the payments in respect of the Transferred Pensioner made from the Pension Scheme and the Fund up to the date of death.

Death of a Deferred Pensioner

- 3.3.9 On the death of a married Deferred Pensioner, his widow or her widower, if married to the Deferred Pensioner on or before the date of the Deferred Pensioner leaving Service, shall be entitled to a pension for life equal to 60% of the Deferred Pensioner's deferred pension.

Earlier payment of a deferred pension

- 3.3.10 A deferred pension becomes payable from the Deferred Pensioner's 65th birthday. If the Deferred Pensioner:
- (a) becomes prior to the commencement of the deferred pension unable to continue in employment because of a state of health which, in the opinion of the Trustee, would have constituted ill-health had the Deferred Pensioner then been in Service, or
 - (b) attains age 55 years,

he may elect to be paid, in lieu of the deferred pension payable to and in respect of him, an immediate pension for life of an annual amount determined by the Actuary so that the value of the benefits payable to or in respect of him immediately after his election is equal to the value of the benefit payable to or in respect of him immediately prior to his election.

Claiming the deferred pension

- 3.3.11 A Deferred Pensioner and any person entitled to a benefit in respect of him shall make a claim in writing to the Trustee within 6 months of the date the benefit first becomes or became payable.
- 3.3.12 Subject to the Relevant Law if such claim is not made within 6 months after the benefit first became payable, then all rights to benefits payable to or in respect of the Deferred Pensioner up to the date of claim shall cease.
- 3.3.13 Subject to the Relevant Law if such claim is not made within 3 years after the benefit first became payable, then all rights to all benefits to or in respect of the Deferred Pensioner shall cease.
- 3.3.14 The Trustee may in its absolute discretion make payments to or in respect of Deferred Pensioners whose rights to benefits ceased pursuant to Rule 3.3.12 or 3.3.13. Such payments shall not exceed the value in payments that would have been made had such rights not ceased.

Payment of pensions

- 3.3.15 Pensions from the Fund are payable by equal fortnightly or monthly payments or such other instalments as the Trustee may from time to time determine either generally or in a particular case. The first payment is due on the last day of the period in which the pension becomes due and the last payment upon the due date immediately preceding the date of cessation of pension.

Pension value maintenance

- 3.3.16 Every pension payable from the Pension Section Account is subject to variation at intervals of two years or at such more frequent intervals as the Trustee may determine.
- 3.3.17 The pension will be adjusted in accordance with any increase or decrease in the Pension Index since the last variation under Rule 3.3.16. A pension may not be increased by more than 3% per annum compounded. No pension will be reduced under this Rule below the Transferred Pension Amount.
- 3.3.18 Notwithstanding the provisions of Rule 3.3.17 the Trustee may, if the Trustee and the Principal Company agree, increase the pension beyond the variation provided under Rule

3.3.17 in such manner as may be agreed between the Trustee and the Principal Company.

- 3.3.19 Only for the purposes of Rules 3.3.16 to 3.3.18 (inclusive), any pension payable from the Pension Section Account to or in respect of a Transferred Pensioner shall as far as practicable be regarded in point of time as continuous irrespective of the identity of the recipient thereof for the time being.

Commutation of pension

- 3.3.20 A widow or widower of a former married Transferred Pensioner (other than a Deferred Pensioner) who became entitled to a pension from the Pension Scheme immediately prior to the Transfer Date or who becomes entitled to a pension under Rules 3.3.2 to 3.3.8 (inclusive) shall have the option, which must be exercised within three months after the date of commencement of such widow's or widower's pension, of commuting for a lump sum all of that pension and his or her other benefits or contingent benefits.
- 3.3.21 The Trustee may in special circumstances and having regard to the main purpose of the Fund and in its absolute discretion allow a Transferred Pensioner or person entitled to a pension under these Rules to commute all or part of his pension for a lump sum at any time, subject to Relevant Law.
- 3.3.22 The lump sum payment in commutation of a pension under Rules 3.3.20 and 3.3.21 will be calculated on such a basis as the Trustee, in consultation with the Principal Company and the Actuary, shall from time to time determine either generally or in any specific case provided that the lump sum payment must not exceed the maximum permitted by the Relevant Law in commutation of that part of the relevant pension.

Payment of death benefits

- 3.3.23 Where in these Rules the recipient of a benefit payable as a result of the death of a Transferred Pensioner is not specified, the Trustee will pay the benefit to any one or more of the legal personal representatives of the Transferred Pensioner and all or any of the Dependants of the Transferred Pensioner in such proportions as the Trustee shall in its absolute discretion think fit.

Alternative pension

- 3.3.24 With the consent of the Trustee and the Principal Company, a person receiving or entitled to receive a pension may elect to waive, modify or vary any of the rights, terms and conditions applicable to the pension to the extent that the resulting rights, terms and conditions will render the pension a Qualifying Pension.

Commutation of small amounts

- 3.3.25 The Trustee may, at its absolute discretion, commute any pension into a single payment if in its opinion the periodical payments are too small.

Benefit adjustment because of family law arrangement

- 3.3.26 Notwithstanding anything to the contrary in these Rules, in respect of a person receiving or entitled to receive a pension under these Rules, the Trustee may adjust the pension to the extent, and in any manner, as permitted by the Relevant Law to take account of a valid family law arrangement.

3.4 Pension Section Account

- 3.4.2 The following amounts may be credited to the Pension Section Account:

- (b) contributions made by the Principal Company in respect of the Transferred Pensioners and Transferred Beneficiaries;
- (c) any amounts credited to the account under Clause 14.8; and

- (c) expenses of the Fund related to pensions paid under these Rules; and
- (d) any other amounts which the Trustee and the Principal Company agree to debit to the account (acting on the advice of the Actuary).

3.4.4 The balance of the Pension Section Account will represent the assets held by the Trustee in respect of the pension liabilities.

3.5 Contributions from the Principal Company

3.5.1 The Principal Company shall contribute to the Fund such amounts as the Trustee after seeking the advice of the Actuary determines are required to meet the balance of the cost of the benefits in respect of the Transferred Pensioners and Transferred Beneficiaries.

3.5.2 The contributions made under Rule 3.5.1 will be credited to the Pension Section Account.

3.6 Valuation by Actuary

3.6.1 In addition to the provisions of Clause 16, if the Actuary's report reveals an excess of assets over liabilities in the Pension Section Account in respect of the Transferred Pensioners and Transferred Beneficiaries, such excess shall, where the Actuary certifies that it is appropriate to do so, be transferred to the Fund's Employer Funding Reserve.

3.6.2 The Trustee may apply any amount transferred to the Employer Funding Reserve, where the Actuary certifies that it is appropriate to do so, to reduce the amount of contributions in respect of Members of the Fund which would otherwise be payable by the Principal Company.
